

Delhi-based infrastructure consultancy firm **Rudrabhishek Enterprises** (REPL) on Monday said it has bagged a contract from **Jabalpur Smart City** (JSCL) for providing project development and management consultancy services. Under the contract, **REPL** would support **JSCL** in the overall management of the smart city, including project planning, budgeting, supervising, managing, monitoring and evaluating, reporting and coordination to ensure timely development and implementation, the company said in a statement.

Jabalpur is among the first 20 cities which were selected in the first round under smart cities mission. **REPL** is already working on six smart cities projects including **Varanasi**, **Kanpur**, and **Moradabad** in **Uttar Pradesh**, **Dehradun** in **Uttarakhand**, **Indore** in **Madhya Pradesh** and **Itanagar** in Arunachal Pradesh.
